### An update from our Board

Kia ora koutou,

The Southbrook School Board of Trustees met on Wednesday the 20th of March 2024 for the second meeting of the term.

We discussed the process of Julie Walls and Wendy Lindsay currently working with ERO (Education Review Office) partner, Julie Greenwood, on the School Improvement Framework. Our ERO partner will be with us for the next three years. At some stage this year we will receive a report that we will share with the school community.

Julie reported to the Board that it has been a busy Term 1. Tamariki have been putting in lots of hard mahi in their Learning Spaces. Last week the school took part in an Fire emergency drill, which was executed while there were children in the pool and in other areas outside as well as in their Learning Spaces. The drill went smoothly and the next drill will be giving the tamariki the chance to practice what to do in the event of an earthquake.

Of general items, Julie updated the Board in regards to the stock levels in the Kai Cupboard stating it is currently well stocked. The Board acknowledged that it can be shameful for families to ask for items from the Kai Cupboard, however everyone agreed about the importance of it and the Board encourages anyone who is finding times tough at the moment to use the Kai Cupboard at their discretion.

Finally, Julie informed the Board that she attended the last PTA meeting and was happy to report that the committee has seen an increase of three new members. Many hands make light work and the Board encourages anyone who has a passion for creating ways to fundraise for the school or help out at events to go along to the next PTA meeting on the 7th of May.

The next Board meeting is set for the 15th of May 2024.

Ngā Mihi,  
Louise Moore
